PREDICTS SHOW, SNOW, BEAUTIFULEST SNOW

Weather Man Gives Zion Opportunity to Revive Words of Famous Poet.

Troubles and more troubles came to the weather man in the Dooly block Friday. For just as he was confident of success in steering aside the storm of rain and snow scheduled for Sait Lake and was ready to sit back and enjoy the triumph of his efforts, a new storm was scared up over the western coast and notice sent him that it was due to hit Balt Lake Saturday. This is the explanation for his forecast of rain or snow at though he has promised to do everything in his power to turn aside this storm. Clouds threatened to do things Friday, and people were appraisance of snow and the fear that they would be caught out in the summer garments which the continued mild and element weather of Sair Lake has enabled them to wear. Every indication Friday was that it will be storm? A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seul root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchin! throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stometh, as in the early stages of con-sumption, there can be no doubt that glysumftion, there can be no doubt that glycerine acts as a valuable nutritive and

stages. It will cure very severe obsti-nate, hang-on, chronic coughs, bronchis and latvingest troubles, and chronic sor throat with boarseness. In acute cough it is not so effective. It is in the lingering bang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvalous cures.

KANSAS CITY FAILURE DOES NOT CAUSE TROUBLE

KANSAS CITY. Mo., Dec. 6.—There were no evidences of a run on any of the local banks today. Bank officers generally gave it as their opinion that the crisis resulting from the failure yesterday of the National Bank of Commerce was over and that normal conditions will soon exist again. They insisted that there was no need for alarm and that the closing of the Commerce really cleared the atmosphere and marked the cleared the atmosphere and marked the first real step toward a restoration of confidence.

This was taken to mean that, while the troops could be transported to Goldfield by rail, some means of transportation would have to be found on arrival at that place for the rations, ammunition, machine guns and other supplies, and perhaps lentage, that would be sent with the troops.

General Ainsworth dispatched the following telegram to General Funston:

"Governor of Nevada has called for troops to be sent to Goldfield. The President directs that you immediately send there such number of troops as you consider necessary to cope with the situation effectively and finally. Go yourself if you think best. His face was bruised and his nose broken, upper teeth knocked out and several ribs broken. he was assaulted.

GOVERNOR SPARKS WILL ACCOMPANY THE TROOPS

CARSON CITY, Nev. Dsc. 6.—Gov. Sparks departed this afternoon for Reno, in a blinding rainstorm, in an automobile, in order to meet Col. Alfred Reynolds with the Federal troops bound for Goldfield. The Governor received a dispatch from Gen. Funston requesting that some representative accompany the troops to Goldfield, and, as the Governor has taken the matter in his own hands, he will proceed to Goldfield himself. Later he will send one or more parties from his personal staff.

United States Assistant Marshal Mack returned to this city this evening from Goldfield. He states that everything is quiet so far as demonstrations are concerned.

SAYS BAKER WAS FAIR IN PRESENTING CASE

Soren X. Christensen Returns From Testifying in Mrs. Bradley's Trial.

Soren X. Christensen, attorney, who Soren A. Christensen, attorney, who has just returned from Washington, where he was one of the witnesses in the Bradley case, says two most remarkable things he noticed in the trial was the constant effort of Prosecuting Attorney Baker to be fair in conducting the case, even when his fairness was detrimental to the prosecution; and also the Chronal sympathy that was

was detrimental to the prosecution; and also the Zilversal sympathy that was given Mz. Bradley. 'All of the Eastern press favored Mrs. Iradley,' said Mr. Christensen, 'and any testimony that was favorable to her was played up in box car letters by the papers. The crowds that came to the courtroom plainly showed they sympathized with the woman on trial.

"Mr. Baker was the fairest man in conducting a case I ever saw. I was subpoenaed by the District, and when I arrived there they learned what my testimony would be and that it would corroborate Mrs. Bradley's story and strengthen her testimony. One of Baker's assistants said he did not think I should be put on, but Baker said that he wanted the truth and that if my testimony would add anything to the case he wanted me on the stand, whether it hurt his case or not, because he wanted to be absolutely fair."
Mr. Christensen paid a high compliment to Judge Powers, by saying that the press reports of his remarkable speech were not in the least exaggerated.
